Market Thoughts for May 2018

Brad McMillan, Commonwealth's Chief Investment Officer, recaps the market and economic news for April. It was a good month, as both U.S. and developed markets were up. This news was encouraging, indicating that the economy seems to be bouncing back after two down months. In fact, the fundamentals are quite strong, with company earnings surprising to the upside to a degree we have never seen before. Plus, sales beat expectations, which is a positive reflection of the markets and the economy. But will these trends continue? Tune-in to find out.

We hope you enjoy this month's video.

A Seven-Point Checklist for Your Estate Plan

When it comes to estate planning, executing your will and other estate documents is only the first step. To help ensure that your estate plan stays in tune with your goals and needs, it's important to review and update it on an

ongoing basis. Working with your estate planning team, you can use this checklist as a starting point to keep your estate plan in good shape.

1. **Check trust funding.** Trusts are often used to preserve privacy, minimize estate taxes or administration expenses, or transfer assets to beneficiaries according to specific wishes. If you have executed a trust, consult with your attorney and me to determine which assets should be owned by your trust or should have the trust named as a beneficiary. Keep in mind that assets not owned by the trust will not be subject to its provisions.

2. **Account for any life changes.** Have you experienced personal or financial changes since you executed your estate documents—for instance, the arrival of a new family member or a significant increase in assets? If so, be sure to update your documents to reflect those changes and take advantage of asset protection measures, if necessary.

3. **Update beneficiary designations.** Outdated beneficiary designations can derail an estate plan. Review your designations to ensure that the correct people are named, rather than a deceased family member or ex-spouse. If your children were minors when you last reviewed your beneficiary designations, they may now be ready to receive the assets directly.

4. **Review trustee and agent appointments.** While reviewing your beneficiary designations, also reevaluate who you have appointed as executor of your estate, trustee of your trust, or as your agent under your powers of attorney for health care and finances. Are the people you named still ready to carry out your wishes? Will they be capable of administering your assets in an appropriate manner?

5. **Review provisions of powers of attorney and health care directives.** Ongoing changes to federal and state laws won't necessarily invalidate a document that's already been executed; however, such changes may limit your agent's ability to carry out his or her duties. For example, changes to privacy laws may prevent your agent from accessing pertinent medical information. To accomplish your planning goals, it may be necessary to expand your agent's authority.

6. **Prepare for the distribution of personal effects.** If your will includes directions for the distribution of your personal effects, consider informing your executor or administrator ahead of time and providing him or her with a copy of the list. Or you may wish to leave a separate list, if permitted under your state's law. In short, the person handling your estate should be aware of your wishes so that your personal items don't disappear on a first-come, first-served basis before the formal probate process begins.

7. **Understand your documents.** Ask your estate planning team as many questions as necessary to ensure that you have a clear understanding of each document in your estate plan. If it's been some time since you executed your estate plan and you can't remember something, ask again. Estate planning can be complex, but it's essential that you understand the whole process.

My staff and I deeply appreciate the continuing opportunity to work with you. Please let me know if you have any questions or requests. Thank you.

Sincerely,

Paul S. Bonapart, JD, RFC, AIF®, President
